Technical data sheet

Application

Inox Polish is an ecological, mildly alkaline polish for professional use. This product is recommended for cleaning and protecting objects and surfaces made from stainless steel, such as refrigerators, freezer doors, transport carts, dishwashing machines, etc. Inox Polish leaves a protective coating on the cleaned surface without using mineral oils. In addition to a biodegradable solvent and limescale remover, Inox Polish contains a vegetable-based polish and soap. Do not use this product on surfaces that come into contact with foods, such as worktops.

Environmental Benefit: All Techno Green cleaning products are free from chlorine compounds, other halogen compounds, and petroleum-based detergents. All detergents used in these products originate from vegetable sources. All ingredients of non-mineral origin are fully biodegradable. Low impact on aquatic life according to OECD 202.

Instructions for use

Use undiluted. Rub with a clean, dry cloth to achieve an attractive gloss. Do not rinse.
